

Hifz Tip: How to keep track of your progress

Plan Smart!

Set short-term goals that build up to your yearly target.

Make a weekly target → then a monthly goal → keep building till the year's end.

Be Flexible, Stay Consistent

Some months will be heavier on revision, others on new memorisation — and that's perfectly fine! What matters is steady progress.

Track Your Journey

Every Hafiz should have a yearly progress sheet to record how many khatams they complete.

Seeing your own progress will motivate you, and your teacher and parents can also see how far you've come!

Write It Down!

Keep a diary or progress sheet for everything you read, it's your roadmap to success in Hifz.
