

Hifz Tip for Huffadh

If your Dhor (revision) is already strong, now is the time to maintain and strengthen it daily.

Set a Target

Aim to revise at least three Juz by heart every day.

If Time is Tight

Revise one Juz daily in Salah.

- In each Salah, recite a quarter Juz.
- Whatever remains, complete it in Isha.

This routine will naturally encourage you to perform extra Nawafil and keep your recitation consistent.

Suggested Routine

- One Juz in the morning
- One Juz before sleeping

It may feel challenging at first, but with consistency it becomes easy and deeply rewarding.

Track Your Progress

Create a simple sheet with a yearly khatm target and note how many full, correct revisions you complete.

Missed a Day?

Catch up the next day and do not let anything stop you.

Final Reminder

Consistency always surpasses intensity. Every day of solid Dhor keeps the Qur'an alive in your heart.
